Your FREE guide to concerts and clubs in Oslo

HELLO WORLD!

Well, hello there! Nice to meet you :-)

If you haven't yet come across **broadcast** then lets consider this a formal introduction.

Contained within the pages you hold is a (partial) overview of the concert and clubs scene in Oslo. We have pulled together the info from venues, websites and flyers to hopefully make your life a bit easier and encourage you to go out and see some shows, or strut your stuff on the dancefloor.

Of course we can't fit it all in, so if you don't find what you are looking for here, then our app and website eagerly awaits your presence.

We try our hardest to get the correct info for you, but its not always possible, which is why where possible online we provide a link to the official event page or ticket provider so you can easily check the info.

So, if you are new in town, visiting from abroad or a seasoned local we hope you'll find something fun to do!

Håvard, Stine & Tim.

ps - have you downloaded the app yet?
