POST KONTORET

# Well hello there!

Thanks for picking us up and having a flick through all the musical fun that Oslo has to offer in the month of November.

As you are here, let's tell you a bit more a bit about what we are up to. Yes, we are a magazine, but also an app and a website - and much more behind the scenes.

We are building a platform dedicated to music and cultural events because we think that there has to be a better way to find out what's going on in your town or city… so we started with Oslo and very soon we will be moving further afield.

If you like what we do, then please tell your friends, give us a review in the app store(s) or follow us @broadcastoslo on Instagram and Facebook.

Have a great November!
